

Open Donor: Fremont

Staff Impression

Fremont has beautiful, shiny red hair and dark-blue eyes that are shaped like almonds. His skin, though fair, can handle sun in moderation. His eyebrows and long eyelashes match the red hair on his head. Fremont has an oval-shaped face, and full red lips. His facial features are all symmetrically placed, making him a handsome addition to our selection of donors.

Fremont loves his family and appreciates the values they instilled in him while growing up. Though young, Fremont has a great head on his shoulders, as he works hard and understands responsibility. He thrives on being self-sufficient and also enjoys caring for others. Fremont is a compassionate, sensitive, and highly intelligent donor that would make a great match for any family.
