

## Logan Staff Impression

Logan has unique physical characteristics, with a rich tone of auburn red hair and deep, soulful brown eyes. He has a square face, handsome square jawline, a fair skin tone with rosy undertones, and a smattering of brown freckles. He has a broad neck, shoulders, and arms, and an overall athletic build.

Logan is somewhat quiet, but when you get to know him he is charming, quick-witted, and super funny. He is hardworking and loyal, something he attributes to his time in the military as a United States Marine. Now in school, Logan's plan is to graduate soon with a degree in business so he can "give my family the same happiness my parents gave me when I was growing up." We really enjoy Logan a lot, and we think he would be a great choice for you!
