

Open Donor: Kelly

Staff Impression

Kelly is strong with rounded, masculine features and a dark complexion. The first thing you notice about Kelly is the way he carries himself. Years of martial arts has given him a strong build and a lot of confidence in himself. Kelly has dark brown eyes and hair that he keeps short and always styled. He is always clean shaven, which shows off his handsome jawline and nice smile.

Kelly is very smart and driven, pursuing his education while working a full-time job. He is also very athletic, keeping in in shape with martial arts training and frequent visits to the gym. Kelly is very easy to talk to and will always engage in conversations with anyone easily. His mix of brains and athleticism makes him a great donor candidate!
