

Open Donor: Mac

Staff Impression

Mac is average height, is muscular and very physically fit. He maintains his physique with frequent gym visits that include cardio and weight training. Working out and maintaining a healthy lifestyle is very important to Mac. He has a very clean-cut look and keeps his light brown hair short, and his face clean shaven. Mac has bright blue eyes and long eyelashes that really stand out. He has full lips and a smile that shows off his straight white teeth. Mac is an attractive man.

Mac is very intelligent and driven, but can be somewhat quiet and reserved. Once you get him talking, Mac is relaxed and witty, making friends easily. He is currently studying Psychology and plans to pursue a career in that field when he graduates. Mac is very down to earth, and prefers the quiet rural life to that of the city. He hopes to someday have a piece of land where he and his wife can raise their many animals. Mac is a perfect combination of intelligence, looks, brawn and personality. He is a great donor to have in our program.
