

Skye Staff Impression

Skye is an attractive donor with thick dark hair and deep-set brown eyes which contrast nicely with his fair complexion. His face is heart shaped with a square jawline, arched eyebrows, and a rounded nose. When he visits us, he is always well-groomed and sharply dressed.

Skye is reserved though friendly with a good sense of humor and polite manners. He has no trouble building trust and interacting with others. He hopes to own a dealership in the future which is a more than reasonable goal with his great work ethic, a lot of mathematical ability, and a love of cars.
