

Open Donor: Kendall

Staff impression

Kendall is charming and super adorable. He has a fair complexion and light brown hair. His brown eyes are full of youthful exuberance and kindness. He has a defined jaw with rounded features. Kendall wears workout gear and comfortable clothing supporting his favored sports teams.

Kendall is a talented musician and athlete. He is also very smart and is studying electrical engineering. Kendall likes to spend as much time outside as he possibly can and loves snowboarding, swimming, and hiking. He is a little shy at first but warms up quickly and is quite friendly. We asked Kendall to pick some words he thought described his personality and character. He said, "Smart, easy going, energetic, and fun." We'd like to add ambitious, respectful, and generous.
