

Open Donor: Vashon

Staff Impression

Vashon has clear olive skin and dark-blond hair, which goes very well with his big green-brown eyes. He generally always has a smile on his face, showing off a brilliant set of white teeth. His eyebrows are full, neatly separated, and as dark-blond as the hair on his head. Vashon has an athletic, proportional build, and stays physically active in his daily life.

Vashon is a very intelligent pre-medical student with dreams of one day being a surgeon with his own practice. He is also very artistic, playing piano and sculpting pottery in his spare time. Sweet, caring, polite, and with a great sense of humor, Vashon makes those around him comfortable, giving off a calm vibe and compassionate nature.
