

Zuko 10540 Staff Impression

Zuko is an eclectic, creative, joy to have around. He is tall standing at 6'2", with an athletic physic, beautiful brown eyes and though it is naturally brown, we absolutely love his pastel pink hair! Zuko is gifted in several creative areas, which contribute to his bubbly, yet easy-going personality. Zuko is musically inclined and plays bass guitar, while also taking interest in other types of creating music. Also, he is very passionate about art and fashion, and we enjoyed hearing about his trip to Paris a few years back. Zuko is also athletic and was proud to discuss his involvement with the varsity swim team in high school. After hearing this, we were not shocked to hear he loves watching the Olympics!

Zuko is extremely motivated when it comes to things, he is passionate about, and would love to one day become head of marketing or editor for a fashion magazine. Zuko would be an amazing choice for any family.
